Thanks to its meticulous use of space and the ingenuity of a powerful yet compact Rotax 4-TEC engine, the Sea-Doo 180 Challenger SE offers the expansive feel of a 20-footer inside an 18-foot shell that's small enough to fit in most garages. It has a wealth of creature comforts for up to 8 passengers, ample storage space and other standard features that you might expect to pay extra for.

Even though the 180 is a small platform, Sea-Doo's engineers and designers have made creative use out of all the available spaces on the boat with dry storage, integrated coolers and seating. Inside While the 180 is a tad squat with less than 18 feet in overall length, it does have a surprisingly wide beam for a short boat. The 8 feet, 2 inches across give Sea-Doo the ability to build in a number of creature comforts and storage areas that are comparable to larger sportboats.
