Self-parenting : the complete guide to your inner ...

The idea of self-parenting is that a person's " mind " is created in the form of a conversation between two voices generated by the two parts of the cerebral hemisphere. One is the "inner parent " represented by the left brain with the other voice being the "inner child " represented by the right brain. The manner and quality by which these "inner conversations" take place between the two voices is most accurately described as self-parenting.
