Senior Fitness: The Diet and Exercise Program for Maximum ...

Diet as well as exercise can have a major impact on your energy, mood, and fitness. Many older adults don ' t get sufficient high-quality protein in their diets, despite evidence suggesting they need more than younger people to maintain energy levels and lean muscle mass, promote recovery from illness and injury, and support overall health.

Senior Exercise and Fitness Tips - HelpGuide.org

In addition to this, some researchers announced that it is often healthier for a senior citizen to remain a little overweight rather than adopt a strict diet and exercise plan. Although the research in this case is not clear.
