Sailing off into the night sky in his “Redd Rocket“ wagon to meet the Sandman, Joey experiences a grand adventure and heart-stopping rescue, discovering the Sandman's amazing ship and all of its wondrous secrets.

This original and “meticulously researched retelling of history’s most infamous voyage” (Denise Kiernan, New York Times bestselling author) uses the sinking of the Titanic as a prism through which to examine the end of the Edwardian era and the seismic shift modernity brought to the Western world. “While there are many Titanic books, this is one readers will consider a favorite” (Voyage). In April 1912, six notable people were among those privileged to experience the height of luxury—first class passage on “the ship of dreams,” the RMS Titanic: Lucy Leslie, Countess of Rothes; son of the British Empire Tommy Andrews; American captain of industry John Thayer and his son Jack; Jewish-American immigrant Ida Straus; and American model and movie star Dorothy Gibson. Within a week of setting sail, they were all caught up in the horrifying disaster of the Titanic’s sinking, one of the biggest news stories of the century. Today, we can see their stories and the Titanic’s voyage as the beginning of the end of the established hierarchy of the Edwardian era. Writing in his signature elegant prose and using previously unpublished sources, deck plans, journal entries, and surviving artifacts, Gareth Russell peers through the portholes of these first-class travelers to immerse us in a time of unprecedented change in British and American history. Through their intertwining lives, he examines social, technological, political, and economic forces such as the nuances of the British class system, the explosion of competition in the shipping trade, the birth of the movie industry, the Irish Home Rule Crisis, and the Jewish-American immigrant experience while also recounting their intimate stories of bravery, tragedy, and selflessness. Lavishly illustrated with color and black and white photographs, this is “a beautiful requiem” (The Wall Street Journal) in which “readers get the story of this particular floating Tower of Babel in riveting detail, and with all the wider context they could want” (Christian Science Monitor).

The scourge of the high seas, the Black Angel would stop at nothing to get what he wanted--until a bold beauty captures his heart and makes him want to be a better man. Original.

En route to Jamaica to bring her brother news of their father's death, Lady Rosalind Hanshaw is captured by the Black Angel, a legendary French pirate who targets English shipping. Master of his destiny, terror of the Caribbean, the Black Angel is also elegant, charming and seductive. Torn between her loyalty to her homeland and her growing attraction to the one man she should hate above all others, Rosalind must decide whether the Black Angel is nothing more than a despicable pirate or if he holds the key to both her heart and her future.

Half a century before Titanic, another famous shipwreck captured the hearts and imagination of the world. In 1857, laden with gold and adventurers fresh from the California Gold Rush, the luxury sidewheel steamer SS Central America went down in a hurricane off the Carolina coast. Many were saved, many were lost, and lives were changed forever. Relive the experiences of her passengers, as told through the eyes of a fictitious couple who find love and danger on the high seas aboard this first “Ship of Dreams.” On her own in wild, wicked, post-Gold Rush San Francisco, Della Gilliland has become a bit of a con artist, though a harmless one. Falsely accused of murder by a rival snake-oil salesman, she is forced to flee the lawless city’s vigilantes aboard an outbound steamer. Surely her quick wits—and tongue—can convince someone to help her until her pursuers are far behind. Stuffy New York businessman Kent Bradford is shocked when a lovely redhead he’s never met suddenly introduces herself as his wife to an important business contact. Fearing a scene, he plays along . . . for the moment. But moments turn into weeks and growing attraction becomes something more. Then, only days out from New York, their ship encounters a hurricane that threatens not only their budding love, but their very lives. Book 2 of the Americana Dreaming series

Trying to stay awake to see the sandman, a young boy finds himself sailing the star-filled night sky with him.

On May 31, 1911, thousands of excited people crammed into a shipyard in Belfast, Northern Ireland. They were there to watch the empty hull of RMS Titanic enter the water for the very first time. Proud workers hugged their children as they pointed at the massive ship they had helped build. In just 62 seconds, the giant ocean liner was floating for the very first time. It was the largest human-made object the world had ever seen! Creating the Ship of Dreams tells the compelling story of how the largest and most luxurious ship in the world was built and the workers who risked their lives in the process. The fascinating content and large-format color images, maps, and fact boxes bring the Titanic’s tragic story to life. Creating the Ship of Dreams is part of Bearport’s Titanica series.
