Mary Shelley was not yet twenty years old when she wrote this classic tale of a scientist's attempt to create a new noble species ... an experiment which instead produced a monster. Frankenstein is here presented in the 2nd, revised edition of 1831 and includes an analysis of the most recent criticism on Shelley's science fiction masterpiece, as well as an extensive filmography.

The Castle of Otranto is a book by Horace Walpole first published in 1764 and generally regarded as the first gothic novel. In the second edition, Walpole applied the word 'Gothic' to the novel in the subtitle - "A Gothic Story". The novel merged medievalism and terror in a style that has endured ever since. The aesthetics of the book shaped modern-day gothic books, films, art, music and the goth subculture

The complexity and range of Robert Louis Stevenson's short fiction reveals his genius perhaps more than any other medium. Here, leading Stevenson scholar Barry Menikoff arranges and introduces the complete selection of Stevenson's brilliant stories, including the famed masterpiece Strange Case of Dr. Jekyll and Mr. Hyde, as well as "The Beach of Falesá" and Stevenson's previously uncollected stories. Arthur Conan Doyle has written that "[Stevenson's] short stories are certain to retain their position in English literature. His serious rivals are few indeed." This Modern Library Paperback Classics edition includes explanatory notes, a Scots' Glossary, and a unique appendix dedicated to Stevenson's influence on the Oxford English Dictionary.

She can't forgive him...Georgie Davis is a work of art. An exquisitely rendered portrait of the modern heiress, she's as much an asset to the Davis brand as anything in the family gallery. People don't touch masterpieces, of course, but that's fine by her. She's cried enough for one lifetime. Her engagement wasn't supposed to be a grand romance but then Peter Zinc came along and made her feel things. Messy things. Confusing things. Things that should've disappeared the moment he betrayed the family she adores. But they didn't, and neither did he. He's still right there down the road, making farming look hot, damn him.He can't forget her...Poverty is nothing new to Peter Zinc. But sharing that poverty with a few dozen sheep and an insubordinate dog? That's a fresh wrinkle. That's what you get when you cross Georgie Davis, though -- a thorough, systematic and well-earned destruction. So why does he want her back so badly? Because she's not the vapid trust-fund beauty he almost married. There's a whip-smart woman hiding inside that pretty shell who intrigues the hell out of him. And he means to have her.Can two wary hearts learn to love...Then a long-buried scandal rolls back into Devil's Kettle, ripping apart old lies and threatening to reveal dangerous truths. It's the kind of upheaval that could destroy Peter's fragile fresh start and force Georgie to start feeling all the messy, confusing things she's been avoiding. But with her family's safety at stake, she'll have to trust the most dangerous man she knows. He'll have to become somebody better than the man he's always been. Somebody who'll protect the woman he loves...or die trying....before it's too late?

Henry Lawson, V. S. Naipaul, Nadine Gordimer and Chinua Achebe are respectively Australian, Caribbean, South African and Nigerian, yet they all write in English. The 'English' literature of the ex-colonies is proving to be the most interesting and innovative of our times: this volume offers a significant example of its vitality and originality. As Salman Rushdi said, 'the Empire writes back'.

Edogawa Ranpo (1894-1965) was a great admirer of Edgar Allan Poe and like Poe drew on his penchant for the grotesque and the bizarre to explore the boundaries of conventional thought. Best known as the founder of the modern Japanese detective novel, Ranpo wrote for a youthful audience, and a taste for playacting and theatre animates his stories. His writing is often associated with the era of ero guro nansense (erotic grotesque nonsense), which accompanied the rise of mass culture and mass media in urban Japan in the 1920s. Characterized by an almost lurid fascination with simulacra and illusion, the era's sensibility permeates Ranpo's first major work and one of his finest achievements, Strange Tale of Panorama Island (Panoramato kidan), published in 1926. Ranpo's panorama island is filled with cleverly designed optical illusions: a staircase rises into the sky; white feathered "birds" speak in women's voices and offer to serve as vehicles; clusters of naked men and women romp on slopes carpeted with rainbow-colored flowers. His fantastical utopia is filled with entrancing music and strange sweet odors, and nothing is ordinary, predictable, or boring. The novella reflected the new culture of mechanically produced simulated realities (movies, photographs, advertisements, stereoscopic and panoramic images) and focused on themes of the doppelganger and appropriated identities: its main character steals the identity of an acquaintance. The novella's utopian vision, argues translator Elaine Gerbert, mirrors the expansionist dreams that fed Japan's colonization of the Asian continent, its ending an eerie harbinger of the collapse of those dreams. Today just as a new generation of technologies is transforming the way

we think—and becoming ever more invasive and pervasive—Ranpo's work is attracting a new generation of readers. In the past few decades his writing has inspired films, anime, plays, and manga, and many translations of his stories, essays, and novels have appeared, but to date no English-language translation of Panoramato kidan has been available. This volume, which includes a critical introduction and notes, fills that gap and uncovers for English-language readers an important new dimension of an ever stimulating, provocative talent.
