A sparkling red shoe and a bloody handprint define a man's death. Sometimes it seems like murder and mayhem follow Jeff Resnick, challenging his psychic "sixth sense" to solve crimes. Since the vicious mugging that changed his life, he's tried to keep his unwanted gift in check. But when a bartender at his favorite watering hole is murdered, visions of a sparkling red woman's high-heeled shoe and a pair of bloody hands linger in his mind--and hit too close to home. When Jeff's older brother, Richard, last helped him with an investigation, it nearly cost him his life. Still, Richard is determined to tag along as Jeff is drawn into the seamy world of fetishes and drag queens to find a murderer before another life is taken.

Ramsey Campbell is perhaps the world's most decorated author of horror fiction. He has won four World Fantasy Awards, ten British Fantasy Awards, three Bram Stoker Awards, and the Horror Writers' Association's Lifetime Achievement Award. Three decades into his career, Campbell paused to review his body of short fiction and selected the stories that were, to his mind, the very best of his works. *Alone With the Horrors* collects nearly forty tales from the first thirty years of Campbell's writing. Included here are "In the Bag," which won the British Fantasy Award, and two World Fantasy Award-winning stories, "The Chimney" and the classic "Mackintosh Willy." Campbell crowns the book with a length preface which traces his early publication history, discusses his youthful correspondence with August Derleth, illuminates the influence of H.P. Lovecraft on his early work, and gives an account of the creation of each

story and the author's personal assessment of the works' flaws and virtues. In its first publication, a decade ago, *Alone With the Horrors* won both the Bram Stoker Award and the World Fantasy Award. For this new edition, Campbell has added one of his very first published stories, a Lovecraftian classic, "The Tower from Yuggoth." From this early, Cthulhian tale, to later works that showcase Campbell's growing mastery of mood and character, *Alone With the Horrors* provides readers with a close look at a powerful writer's development of his craft. Here in this third complete-in-itself novel of the *Incarnations of Immortality*, Piers Anthony weaves a fascinating plot as tangled as any skein of fate. This is Anthony at his most ingenious, with another gripping fantasy of the struggle of the incarnations against the machinations of Satan. When the man Niobe loved was shot, she learned that she had been the target, in a devious plot of the Devil's. Hoping for revenge, Niobe accepted a position as one of the three Aspects of Fate, only to find that Satan's plots were tangled into the very Tapestry of Fate. Now the Evil One was laying a trap to ruin Niobe's granddaughter Luna, who threatened his plans—and he had tricked her son into Hell. Niobe's only chance to save her son and Luna was to accept a challenge by the Prince of Deceit—a challenge to be decided in Hell and in a maze of Satan's devising!

32-year-old Iris Hedge isn't exactly on sure footing. She's left her husband in LA and moved to New York for her dream job as a marketing researcher at one of the world's most prestigious

firms. But after only five weeks, she's laid off. Now Iris is in a new town with no job, has a divorce on the horizon and only one friend to speak of—a wild-child named Val. When Val's twin sister Vickie asks Iris to spy on her possibly-cheating husband, Iris is desperate (and poor) enough to agree. Soon she has a whole new business on her hands - spying on men for the doubting women in their lives. Things get complicated when Vickie's husband Steve catches on to the fact that their coincidental meetings aren't coincidental at all. Not to mention how Steve makes her heart race. A funny, heart-wrenching romantic comedy about starting over and coming to terms with the gray areas of falling in love, *It's About Your Husband* marks the sparkling debut of novelist Lauren Lipton.
