A new novel from the winner of the Wole Soyinka Prize for African Literature At thirty-nine, Deola Bello, a Nigerian expatriate in London, is dissatisfied with being single and working overseas. Deola works as a financial reviewer for an international charity, and when her job takes her back to Nigeria in time for her father's five-year memorial service, she finds herself turning her scrutiny inward. In Nigeria, Deola encounters changes in her family and in the urban landscape of her home, and new acquaintances who offer unexpected possibilities. Deola's journey is as much about evading others' expectations to get to the heart of her frustration as it is about exposing the differences between foreign images of Africa and the realities of contemporary Nigerian life. Deola's urgent, incisive voice captivates and guides us through the intricate layers and vivid scenes of a life lived across continents. With Sefi Atta's characteristic boldness and vision, *A Bit of Difference* limns the complexities of our contemporary world. This is a novel not to be missed.

John Trenchard and Thomas Gordon were political writers who published in London during the early eighteenth century. Together they authored two serial sets of essays titled *Cato's Letters* and the *Independent Whig*. Trenchard and Gordon's works were well known in London and became popular in the British North American colonies. This study examines the use and influences of Trenchard and Gordon's works in eighteenth-century British America. More specifically, Professor Barry demonstrates that Trenchard and Gordon's works were taken out of context and taught colonists a mode of action, which set the groundwork for the American Revolution.

Ring in the New Year is full of wicked possibilities in this sexy novella from USA TODAY bestselling author Victoria Dahl... Working over the holidays on a messy bank takeover in the middle of nowhere is bad enough for federal agent Elise Watson, but then she's partnered with the traitorous Noah James. His highly irritating presence only reminds her of the day he stole her promotion out from under her...and of the drunken, ill-fated night before when she'd all but thrown herself at him. Now she's determined to get the job done and get out, even if it means pulling all-nighters with the one man who stokes her temper—and melts her insides—like no other... "Dahl...is fearless in creating quirky, touchingly unique characters whose love affairs are anything but predictable." —RT Book Reviews

First in the Edgar Award-winning series "that never disappoints," featuring the forensic anthropologist known as the Skeleton Detective (*The Philadelphia Inquirer*). When anthropology professor Gideon Oliver is offered a teaching fellowship at US military bases in Germany, Sicily, Spain, and Holland, he wastes no time accepting. Stimulating courses to teach, a decent stipend, all expenses paid, plenty of interesting European travel . . . What's not to like? It does not take him long to find out. On his first night, he is forced to fend off two desperate, black-clad men who have invaded his Heidelberg hotel room with intent to kill. And then there are a few trivial details that the recruiting agency forgot to mention—such as the fact that the two previous holders of the fellowship both met with mysterious ends. From there, it is all downhill. Gideon finds himself the target in an unfamiliar game for which no one has bothered to give him the rules. What he does have is his own considerable intellect and his remarkable forensic skills. He will need them, for he is playing for some fairly high stakes: the security of Western Europe. *Fellowship of Fear* is the 1st book in the Gideon Oliver Mysteries, but you may enjoy reading the series in any order.

Being an adult has its advantages... Lucas Abbott and his identical twin grew up sharing everything—including a reputation for funny, idiotic behavior. But now that Lucas is ready to shed that lovable-idiot image, grow up and have a real, adult relationship, the joke's on him. He and his twin have fallen for the same woman. Crushed and hoping a few days on the slopes will work out his frustrations, he heads for Stowe, Vermont. All thought of fun and relaxation flies away as a car spins out in a snowstorm, and his firefighter/paramedic training kicks into high gear. Danielle Rowson is hoping to pick up the pieces and build a new life for herself and her daughter in Vermont. Winding up in a ditch in the middle of a blizzard isn't part of the plan—and neither is the kind, sexy rescuer whose strong hands pull them to safety. Lucas has been a little kid, a big kid and now an adult—and he discovers that adulting has more than one advantage. Especially when it comes to sharing with Dani and Savannah the one thing that's his and his alone: his love.
