Hepatobiliary (HPB) services treat patients who have disorders of the liver, bile ducts and pancreas. A large volume of HPB services are delivered in local hospitals but, because of the complexity and high cost of care, delivery in conjunction with, or at, specialist tertiary centres is necessary. This Clinical Reference Group (CRG) covers:

NHS commissioning » A02. Hepatobiliary and Pancreas
Описание: Rapid developments in the imaging of hepatobiliary and pancreatic disease are constantly increasing the diagnostic and therapeutic options ailable to the clinician working in this field.

Specialty Imaging: Hepatobiliary & Pancreas. Federle Michael
The liver, pancreas, gall bladder and bile duct are known as the hepatobiliary and pancreatic system. Surgery to treat cancers and disorders in these organs is highly complicated and challenging and requires a high level of skill and expertise. Hepatobiliary and pancreatic surgery can be performed using minimally invasive techniques.

Hepatobiliary & Pancreatic Surgery | General Surgery ...
Hepatobiliary Surgery & Pancreatic Diagnostic and surgical capabilities have enabled Hartford HealthCare Medical Group's hepatobiliary team to better treat hepatobiliary and pancreas cancer as well as other diseases affecting these organs.
