CHURCH FATHERS: Exposition on Psalm 1 (Augustine)

St. Augustine's Commentary on the Sermon on the Mount. Steven Jonathan Rummelsburg. Saint Augustine once observed that the "New Testament lies hidden in the Old and the Old Testament is unveiled in the New.". In his early years as a Manichean, St. Augustine had trouble interpreting the Bible. Subsequently, he would acknowledge the role of his intellectual pride complicit in his prior difficulty with Scripture.

Expositions on the Psalms Augustine's longest work was his running commentary on the Psalms. He was ordained in 391 and chose to preach on the Psalms for his first sermon series (as did I) in 392. Augustine continued reflecting on and drawing from the Psalms his entire life and ministry and did not finish his commentary until 418.

This is the first volume of the long-awaited translation of one of Augustine's classics and a great work in Christian literature. Newly translated by Maria Boulding, O.S.B., whose masterful translation of Augustine's Confessions in the same series has been praised as being "of a different level of excellence from practically anything else in the market" (Bishop Rowan Williams, Monmouth, England). As the psalms are a microcosm of the Old Testament, so the Expositions of the Psalms can be seen as a microcosm of Augustinian thought. They recapitulate and focus the experiences of Augustine's personal life, his theological reflections, and his pastoral concerns as Bishop of Hippo. "This first volume of the Exposition of the Psalms in Sister Maria Boulding's fine translation fills a long existing vacuum among the translated works of Augustine available to contemporary readers. Her clear and attractive translation presents Augustine's expression

Access Free St Augustine Exposition On The Book Of Psalms

of his own spirituality, which necessarily entails his most valuable theological insights. The comprehensive and scholarly 51-page introduction by Michael Fiedrowicz offers a key to the Psalms' various depths of meaning and shows how they are a microcosm of Augustinian thought.â” Mary T. Clark, RSCJ Author of: Augustine in the Â“Outstanding Christian Thinkers SeriesÂ”

In 1990, New City Press, in conjunction with the Augustinian Heritage Institute, began the project known as: The Works of Saint Augustine, A Translation for the 21st Century. The plan is to translate and publish all 132 works of Saint Augustine, his entire corpus into modern English. This represents the first time in which The Works of Saint Augustine will all be translated into English. Many existing translations were often archaic or faulty, and the scholarship was outdated. New City Press is proud to offer the best modern translations available. The Works of Saint Augustine, A Translation for the 21st Century will be translated into 49 published books. To date, 41 books have been published by NCP containing 93 of The Works of Saint Augustine, A Translation for the 21st Century. Augustine's writings are useful to anyone interested in patristics, church history, theology and Western civilization. -- Publisher.

Sixth and final volume of the long-awaited translation of one of Augustine's classics and a great work in Christian literature. Newly translated by Maria Boulding, O.S.B., whose masterful translation of Augustine's Confessions in the same series has been praised as being "of a different level of excellence from practically anything else in the market" (Archbishop of Canterbury Rowan Williams.) The Expositions recapitulate and focus the experiences of Augustine's personal life, his theological reflections, and his pastoral concerns as Bishop of Hippo.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with

text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Third volume of the long-awaited translation of one of Augustine's classics and a great work in Christian literature. Newly translated by Maria Boulding, O.S.B., whose masterful translation of Augustine's Confessions in the same series has been praised as being "of a different level of excellence from practically anything else in the market" (Bishop Rowan Williams, Monmouth, England). As the psalms are a microcosm of the Old Testament, so the Expositions of the Psalms can be seen as a microcosm of Augustinian thought. They recapitulate and focus the experiences of Augustine's personal life, his theological reflections, and his pastoral concerns as Bishop of Hippo.

Essential Expositions of the Psalms is a collection distilled from the 6-volume set in the Works of Saint Augustine. As the psalms are a microcosm of the Old Testament, so the Expositions of the Psalms can be seen as a microcosm of Augustinian thought. In the Book of Psalms are to be found the history of the people of Israel, the theology and spirituality of the Old Covenant, and a treasury of human experience

Access Free St Augustine Exposition On The Book Of Psalms

expressed in prayer and poetry. So too does the work of expounding the psalms recapitulate and focus the experiences of Augustine's personal life, his theological reflections and his pastoral concerns as Bishop of Hippo.

"The Council of Nicaea in 325 AD marked the beginning of a new era in Christianity. For the first time, doctrines were organized into a single creed. The Nicene and Post-Nicene Fathers did most of their writing during and after this important event in Church history. Unlike the previous era of Christian writing, the Nicene and Post-Nicene era is dominated by a few very important and prolific writers. In Volume VIII of the 14-volume collected writings of the Nicenes and Post-Nicenes (first published between 1886 and 1889), readers will find Saint Augustines extensive treatment of the Psalms. Augustine took this book from the Old Testament and wove into it the revelation of Jesus as the savior of humanity. Through the skill of Augustine, it seems as though the Psalms had been written by an oracle who knew that eventually the messiah would come and wrote to pave the way. This volume is a valuable reference book for any Christian wishing to have the psalms illuminated and explained."

Fifth volume of the long-awaited translation of one of Augustine's

Access Free St Augustine Exposition On The Book Of Psalms

classics and a great work in Christian literature. As the psalms are a microcosm of the Old Testament, so the Expositions of the Psalms can be seen as a microcosm of Augustinian thought.
