"Strategy Maps" takes readers to the next level of precision in strategy implementation. "Strategy Maps" introduces a new tool that has evolved from Robert Kaplan and David Norton's ongoing research with hundreds of Balanced Scorecard adopters across the globe, and its premise is simple: if you can visually map your strategy, the people within your organization will better understand it and therefore be better able to execute it effectively.

Strategy Maps: Converting Intangible Assets into Tangible ...

The strategy map idea featured in several books and articles during the late 1990s by Robert S. Kaplan and David P. Norton. Their original book in 1996, "The Balanced Scorecard, Translating strategy into action", contained diagrams which are later called strategy maps, but at this time they did not refer to them as such. [2]

Strategy map - Wikipedia

With "Strategy Maps", Kaplan and Norton expand the Balanced Scorecard concept they presented in their first book, called "The Balanced Scorecard". The main purpose of this book "Strategy Maps" is to provide a more visual description of the Balanced Scorecard, which is achieved through literally mapping the strategy.

Strategy Maps: Converting Intangible Assets into Tangible ...

A lot of that transformation was done in introducing the so called 'Strategy Map' (SM) What is a strategy map? A SM is a diagram that describes how an organization creates value by connecting strategic objectives in explicit cause-and-effect relationship with each other in the four BSC objectives (financial, customer, processes, learning and growth).
