The Melting Pot is a play by Israel Zangwill that opened in Washington in 1908, at the height of European immigration to the United States. It has been estimated that between 1890 and 1920 some eighteen million immigrants from Ireland, Germany, Italy, Eastern Europe, and other countries entered and settled in the United States.

The catalyst for much of classical pragmatist
political thought was the great waves of
migration to the United States in the early
twentieth century. José-Antonio Orosco
examines the work of several pragmatist

Download Free Summary Of Melting Pot Anna Quindlen

social thinkers, including John Dewey, W. E. B. Du Bois, Josiah Royce, and Jane Addams, regarding the challenges large-scale immigration brings to American democracy. Orosco argues that the ideas of the classical pragmatists can help us understand the ways in which immigrants might strengthen the cultural foundations of the United States in order to achieve a more deliberative and participatory democracy. Like earlier pragmatists, Orosco begins with a critique of the melting pot in favor of finding new ways to imagine the civic role of our immigrant population. He concludes that by applying the insights of American pragmatism, we can find guidance through controversial contemporary issues such as undocumented immigration, multicultural education, and racialized conceptions of citizenship.

within the written word, while the program's research-based reading approach ensures that no child is left behind.

The immigration station at New York's Ellis Island opened in 1892 and remained the largest U.S. port for immigrant entry until World War I. In popular memory, Ellis Island is typically seen as a gateway for Europeans seeking to join the "great American melting pot." But as this fresh examination of Ellis Island's history reveals, it was also a major site of immigrant detention and exclusion, especially for Chinese, Japanese, and other Asian travelers and maritime laborers who reached New York City from Europe, the Americas and the Caribbean, and even within the United States. And from 1924 to 1954, the station functioned as a detention camp and deportation center for a range of people deemed undesirable. Anna Pegler-Gordon draws on immigrants' oral histories and memoirs, government archives, newspapers, and other sources to reorient the history of migration and exclusion in the United States. In chronicling the circumstances of those who passed through or were detained at Ellis Island, she shows that Asian exclusion was both larger in scope and more limited in force than has been previously recognized.

Theatre has often served as a touchstone for moments of political change or national definition and as a way of exploring cultural

Download Free Summary Of Melting Pot Anna Quindlen

and ethnic identity. In this book Steve Wilmer selects key historical moments in American history and examines how the theatre, in formal and informal settings, responded to these events. The book moves from the Colonial fight for independence, through Native American struggles, the Socialist Worker play, the Civil Rights Movement, and up to works of the last decade, including Tony Kushner's *Angels in America*. In addition to examining theatrical events and play texts, Wilmer also considers audience reception and critical response.

Irish literature's roots have been traced to the 7th-9th century. This is a rich and hardy literature starting with descriptions of the brave deeds of kings, saints and other heroes. These were followed by generous veins of religious, historical, genealogical, scientific and other works. The development of prose, poetry and drama raced along with the times. Modern, well-known Irish writers include: William Yeats, James Joyce, Sean Casey, George Bernard Shaw, Oscar Wilde, John Synge and Samuel Beckett.

Museum curator Summer Hawthorne considered the exquisite ice-blue ceramic bowl given to her by her beloved Japanese nanny a treasure of sentimental value—until somebody tried to kill her for it. The priceless relic is about to ignite a global power struggle that must be stopped at all costs. It's a desperate
