The Black Count is simultaneously a riveting adventure story, a lushly textured evocation of 18th-century France, and a window into the modern world's first multi-racial society. TIME magazine called The Black Count "one of those quintessentially human stories of strength and courage that sheds light on the historical moment that made it possible." But it is also a heartbreaking story of the enduring bonds of love between a father and son.

Artymedon: The three revolutions that created our modern world are the American the Haitian and the French Revolution. The story of the Black Count is the point of intersection between the three in that they tried and did for a short time create a society based on the principle of equality for man regardless of race, birth or religion. It is also the key for the lecture of Alexandre Dumas' important works [[The Count of Monte-Cristo]] and [[Georges]], the later treating the question of race.
