A reader-favorite contemporary romance from New York Times bestselling author Brenda Novak. She needs money, a lot of it, to pay for her daughter's operation. Macy McKinney will do anything for five-year-old Haley. Businessman Thad Winters, a widower, wants a child without the complications of a relationship. He's willing to pay for that. He interviews applicants—and hires Macy to have his baby. Once Macy's pregnant, they decide that a temporary marriage will simplify the situation—but it does exactly the opposite! A deeply emotional story about what it means to love a child—and what happens when you marry the right man—for the wrong reasons. "Brenda Novak's

Age range 3 to 6 Baby Business tells the story of the baby smoking ceremony that welcomes baby to country. The smoke is a blessing -- it will protect the baby and remind them that they belong. This beautiful ritual is recounted in a way young children will completely relate to. Jasmine Seymour is a Darug woman and a descendant of Maria Lock, daughter of Yarramundi, the Boorooberongal Elder who had met Governor Phillip on the banks of the Hawkesbury in 1791. It is Jasmine's wish that through her books, everyone will know that the Darug mob are still here, still strong. Jasmine is a primary school teacher in the Hawkesbury area of NSW.

Put Your Pregnancy Childbirth And Baby Before Their Bottom Line

This one-of-a-kind guide to balancing motherhood and work is based on actual journals kept by a group of IBM women during their visits to the company's employee lactation room. It all began when IBM manager Cate Colburn-Smith sat down in the company's employee lactation room, shed a few silent tears, and wrote the following on a paper towel: I'm a new mom and today is my first day back at work. Is anyone else using this room? Right away women responded, and the paper towel was eventually replaced by a series of notebooks, in which women offered one another advice and support on juggling work and a newborn. Based on the original notebooks, The Milk Memos is a heartwarming, encouraging (and often hilarious!) guide to working motherhood. It's one of the most existential moments any woman will face: sitting in a small room tucked away in the bowels of your

company, pumping breast milk for a child so close to your heart-yet, at that moment, so far away. The Milk Memos records the voices of mothers who, while struggling with the difficulties of blending their two lives, prove that women don't have to choose between work and family. Their thoughts on how it can be done will inspire women everywhere. This invaluable book weaves the actual Milk Memos journal entries with information-packed sections on such topics of great concern to working moms as: - finding a private place to pump breast milk at work and establishing a routine that you can maintain despite your busy workday; - establishing the right daycare solution; - getting a decent night's sleep with a new baby so that you can shine (or at least glimmer!) during business hours; and - negotiating flextime, part-time, or a job share with an employer. The ultimate gift for any new mom who will soon return to work, The Milk Memos is destined

According to research, there are more than 10 million women who own and lead their own businesses. Entrepreneur Aliza Sherman (founder of Cybergrrrl, Inc.) and blogger Danielle Smith (founder of ExtraordinaryMommy.com) have joined forces to write a book that helps women who are already moms (or are thinking about becoming moms in the future) learn how to take charge of the family/work balance by starting their own businesses. As more women become "mompreneurs," there is an increased need for a book that will cover all aspects of how moms can successfully start and run a business that allows them to make money, pursue a profession, and have time to

devote to the kids as well. This practical, user-friendly book will draw on Aliza and Danielle's own experiences, and their interviews with moms who've started their own successful businesses. In addition, Aliza has interviewed numerous business experts about funding for women, and the book will include valuable information about the current alternative sources of funding for female entrepreneurs. Also, in sidebars throughout the book, Aliza will address women who don't have children yet but are planning for it down the road and want to know how to combine having a family with running their own business.
