Taking a walk along the Scottish coast in the late afternoon of September 5, 1914, a few weeks after the outbreak of the First World War, the 20-year-old Aldous Huxley was astounded by a huge explosion at sea and a gigantic plume of white smoke. He recorded that “ over acres the sea was covered with fragments — human and otherwise ” .

The Deadly Trade is a fascinating and comprehensive account of how an initially ineffectual craft evolved into the most powerful and terrifying vessel ever invented.. At the heart of this thrilling narrative lurks danger and power as acclaimed naval writer Iain Ballantyne reveals some of warfare's murkiest secrets.

Originally a puny craft, derided as being of no worth, the submarine evolved to become an assassin of the deep, capable of sinking mighty battleships and gigantic aircraft carriers. The cast of colourful and courageous characters includes a former monk who created submersible boats to assist the cause of Irish liberation, a spy who hid Confederate submarine secrets in her bonnet during the American Civil War and many a daring young captain who perished along with the men they command. During the two world wars no corner of the globe was safe from the depredations of submarines. The spectacular (and terrifying) story continued with the Cold War into the 21st century, making the submarine the most powerful vessel ever built, carrying enough nuclear weapons to end life on Earth.

Nowhere to run. Nowhere to hide. No allies to call on. I'm Ava Locke. I have three dozen problems. But remaining the anonymous champion of Midnight's fighting ring wasn't one of them--until tonight, when a change in the rules pitted me against a

fellow Fire Circle Hunter, and I lost. Badly. Without the champion title masking my identity, my location is now a blinking neon sign beckoning Veynix, the demon who slaughtered my entire team. And this time, he's leaving a new wave of victims on his path to me. But since the demon-fighting Fire Circle thinks I bargained for my life when the rest of my team was murdered, I'm fresh out of allies-except for the Hunter I fought in Midnight's ring. For some reason, Mr. Tall-Dark-And-Handsome is on my side, despite clearly having a few skeletons in his own closet. But I'm not choosy because I can't do this alone. Not if I want any chance of stopping Veynix from taking more innocent lives. And saving my own. Scroll up and grab this complete urban fantasy adventure trilogy today! This complete series collection also includes a prequel novella: THE DESERTED.

In this compelling account, Knockoff exposes the truth behind the fakes and uncovers the shocking consequences of dealing in counterfeit goods. Travelling across the globe, Tim Phillips shows that counterfeiting isn't a victimless crime; it is an illegal global industry undermining the world's economies. Based on interviews with victims, investigators and the people who sell counterfeits, Knockoff reveals the link between what we see as "innocent" fakes and organized crime. Phillips describes in detail how the counterfeiters' criminal network costs jobs, cripples developing countries, breeds corruption and violence, and kills thousands of people every year. He shows that by turning a blind eye to the problem, we become accomplices to theft, extortion and murder.

Tim Mack is a financial analyst running from a past full of death and drink. But when he leaves the Wall Street rat race hoping to slow down his life in San Diego, he finds that a calm and peaceful existence is just not in the cards. While researching a local biotechnology firm that has just exploded into flames, Tim begins to untangle a lethal web of deceit. A frightening, secret triumvirate of mass murder intricately combines a high-finance broker, a Middle-Eastern terrorist organization, and a dying biotechnology firm willing to do anything to keep afloat. How far will this alliance go? Tim soon finds out that a bug that makes AIDS look like a hangnail might only be the beginning. He teams up with Betsy O'Brien, his spunky and beautiful coworker; Joe Mack, his wheelchair-bound brother who's a former DEA agent; and Detective Bob Moore, an aging but tenacious cop in charge of leading the formal, but furtive, investigation. Together, they devise a plan to stop the release of the mutated virus plan that brings the lives of Tim, his loved ones, and the rest of the country down to the bare wire.

A NEW YORK TIMES NOTABLE BOOK It is 1901 and Buffalo, New York, stands at the center of the nation's attention as a place of immense wealth and sophistication. The massive hydroelectric power development at nearby Niagara Falls and the grand Pan-American Exposition promise to bring the Great Lakes "city of light" even more repute. Against this rich historical backdrop lives Louisa Barrett, the attractive, articulate headmistress of the Macaulay School for Girls. Protected by its powerful all-male board, "Miss Barrett" is treated as an equal by the men who control the life of the city. Lulled by her unique relationship with these titans of business, Louisa feels secure in her position, until a mysterious death at the power plant triggers a sequence of events that forces her to return to a past she has struggled to conceal, and to question everything and everyone she holds dear. Both observer and participant, Louisa Barrett guides the reader through the culture and conflicts of a time and place where immigrant factory workers and nature conservationists protest violently against industrialists, where presidents broker politics, where wealthy "Negroes" fight for recognition and equality, and where women struggle to thrive in a system that allows them little freedom. Wrought with remarkable depth and intelligence, *City of Light* remains a work completely of its own era, and of ours as well. A stirring literary accomplishment, Lauren Belfer's first novel marks the debut of a fresh voice for the new millennium and heralds a major publishing event.

Danny Rand, the wielder of the power of the Iron Fist, must defend the mystical realm of K'un-Lun, but Dhasha Khan has a plan that will test Iron Fist's mettle unlike ever before. The warrior-sorcerer seeks the spirit of the Firebird, a woman protected by Iron Fist; however, Khan has at his side the Silver Dragon, someone with a deep connection to Danny Rand. It's a confrontation that risks Iron Fist's very soul, brought to you by master storyteller Chris Claremont and artist Rudy Nebres, whose lush ink wash illustrations convey the power and majesty of martial arts like none other! Also featuring the solo adventures of Iron Fist's colleagues Misty Knight and Colleen Wing, the Daughters of the Dragon! COLLECTING: DEADLY HANDS OF KUNG FU (1974) 10, 18-24, 29, 31-33; BIZARRE ADVENTURES (1981) 25
