There are many similarities between The Empty City and Bobbie Pyron's The Dogs of Winter though one involves children and dogs attempting to survive in Russia and the other involves dogs trying to survive after a cataclysmic event without their Longpaws (masters). Erin Hunter is a master at enabling us to see the world through the minds of the dogs.

The time has come for dogs to rule the wild. Lucky is a golden-haired mutt with a nose for survival. He has always been a loner—roaming the streets of the busy city and relying on his instincts to get by. Other dogs have Packs, but Lucky doesn't long for the days he spent with his littermates. He stands alone. Then the Big Growl strikes.
