The Many-Colored Land ("The Many Coloured Land" in the UK) is the first book of the Saga of the Pliocene Exile(or the Saga of the Exilesin the UK) by American author Julian May. It sets the series up by introducing the story of each of the characters. The main purpose of the book is to provide information for the rest of the series, only beginning the main storyline in its final part.

The Many Colored Land is the first book in the Saga of Pliocene Exile. It climaxes with the joint and successful Lowife human-Firvulag attack on the remote but strategically vital Tanu city of Finiah. The Golden Torc is the second book of the Saga of Pliocene Exile. Although the idea was eventually discarded, May had originally envisioned "The Many Colored Land" and "The Golden Torc" as being published as a single, larger book.

The Saga of Pliocene Exile, beginning here in The Many-Colored Land, is, IMO, the best sci-fi series ever written. May is a velvety smooth writer whose prose reads like a vivid oil painting done by a master.The Many Colored Land starts off a little slow-- she introduces at least eight major characters whose stories the reader will follow throughout the Exile.

The Sage of Pliocene Exile is one of my all-time favorite series. It's been so long since the first book, MANY-COLORED LAND, came out in audio that it looks like no continuation is planned. In that case, let's start again from the beginning, with a different reader. Find a good reader and do all the books.
