helping people work through conflict. Extensively revised to incorporate recent practice and thinking, the accessible manual format lays out a clear structure for new and occasional mediators while offering a detailed, nuanced resource for professionals. Starting with a new chapter on assessing conflict and bringing people to the table, the first section explains the process step by step, from opening conversations and exploring the situation through the phases of finding resolution—deciding on topics, reviewing options, and testing agreements. The "Toolbox" section details the concepts and skills a mediator needs in order to:

- Understand the conflict
- Support the people
- Facilitate the process
- Guide decision-making

Throughout the book, the emphasis is on what the mediator can do or say now, and on the underlying principles and core methods that can help

in preparing for and conducting successful mediations. It explores the use of mediator evaluations, (i.e. opinions as to the likely outcome or value of legal claims), reframing (i.e. restating or rephrasing statements of conflict), risk analysis, the underlying psychology and bridging of cultural gaps, among many other areas included to assist mediators in achieving the best results. Attorneys are provided with guidance on establishing a mediation practice, preparing clients for mediation, negotiation tactics, and how to answer a client ' s questions regarding the process of mediation. It discusses confidentiality and ethics in mediation and also addresses the use of mediation in specific types of disputes, such as business to business matters, construction, medical malpractice, governmental agencies including environmental agencies, and in the workplace. Lastly, it touches on
