About this book. In The Medium of Contingency Elie Ayache builds upon his ground-breaking book The Blank Swan, in exploring the intersection of philosophy and finance, introducing new notions of price and market. Inverting the received view, he now sees a creation of matter in both the market and its metaphysics, rather than pure speculation.

The Medium of Contingency Elie AYACHE Abstract Metaphysics has traditionally represented contingency via the modality of possibility. Contingent being is thought via the different being that it possibly can be. We claim that this mediation is an improper exchange of contingency. It collides with what Baudrillard calls the Impossible Ex-

To bring this new and original perspective, The Medium of Contingency builds on probability theory as first formalized by von Mises and Kolmogorov, and later revisited by Shafer and Vovk. It utilises the author's extensive experience in derivatives pricing technology and software, as well as his work in the philosophy of contingency and contingent claims, to propose a new philosophical interpretation of Brownian motion and of the Black-Scholes-Merton formula.
