What is the NHS? - Full Fact

National Health Service Act 2006. The National Health Service Act 2006 consolidated existing legislation related to the health service. There were significant provisions relating to the integration of health and social care services in sections 75-78 and 82, however these provisions were not new: sections 75 and 76 enabled NHS bodies and local authorities to enter into formal partnership arrangements and allowed the pooling of budgets to discharge common health-related functions.

National Health Service Act 2006 | Policy Navigator

There is a certain danger in making personal health the subject of a national service at all. It is the danger of over-organisation, of letting the machine designed to ensure a better service itself stifle the chances of getting one.
