His work, based on the teachings of the great philosophers, the sacred wisdom of both Eastern and Western traditions, and the empirical nature of science, offers a philosophy of religion and psychology emphasizing the limitless potential of the human mind. Now, for the first time, The Science of Mind appears in paperback to coincide with the seventieth anniversary of Ernest Holmes's founding of the Religious Science movement.

~~The Science of Mind: A Philosophy, a Faith, a Way of Life ...~~

The Church of Religious Science and teachings of Science of Mind is a group who believes that teaching an individual how to think, versus what to think, can change life experiences. Through the higher awareness of their own thinking, God becomes all to them that He really is. According to Science of the Mind, this is God's gift to mankind.

Holmes published his first book, Creative Mind in 1919, and followed it up with The Science of Mind in 1926. Holmes had an immense influence on New Age beliefs, particularly his core philosophy that we create our own reality. This is the text of the first edition of The Science of Mind. A revised edition of this book was published in 1938.

~~The Science of Mind Index~~

Science of Mind was established in 1927 by Ernest Holmes and is a spiritual, philosophical and metaphysical religious movement within the New Thought movement. In general, the term "Science of Mind" applies to the teachings, while the term "Religious Science" applies to the organizations. However, adherents often use the terms interchangeably. In his book, The Science of Mind, Ernest Holmes stated "Religious Science is a correlation of laws of science, opinions of philosophy, and revelations of

~~Religious Science – Wikipedia~~

The Science of Mind is a superb book written by a one of a kind spiritual teacher. Ernest Holmes explains that there is a definitive law in this universe which we link to through our thoughts. He teaches us how to apply this spiritual law to everyday life.
