questions that are vital for teams to intelligently answer in order to create their own strong, strategic foundation. These questions are:

1. What are we trying to accomplish and why?
2. How will we measure success?
3. What other conditions must exist?
- 4.

# Read Book The Strategic Project Leader Mastering

How do we get there? This fresh approach begins with clearly understanding the what and why of a project - comprehending the bigger picture goals that are often given only lip service or cursory reviews. The second and third questions clarify success

# Read Book The Strategic Project Leader Mastering

measures and identify the risky assumptions that can later cause pain if not spotted early. The how questions - what are the activities, budgets, and schedules - comes last in our four-question system. By contrast, most project approaches prematurely

# Read Book The Strategic Project Leader Mastering

Concentrate on the how without first adequately addressing the three other questions. These four questions guide readers into fleshing out a simple, yet sophisticated, mental workbench called "the Logical Framework" - a Systems Thinking paradigm that
