In the one explicitly moral point of theodicy made by the Voice from the Whirlwind (verses 12-15), the diurnal rhythm of light succeeding darkness is taken as both emblem and instrument of God's ferreting out of evildoers—an idea not present to the "Ecclesiastean" vision of Chapter 3, where evil and oppression are merely part of the anguished and futile cyclical movement of life.

Verse 18. - The voice of thy thunder was in the  
heavens; rather, in the whirlwind (Kay, Cheyne,  
Revised Version). A storm of wind usually  
accompanies thunder and lightning. This the author,  
with poetical exaggeration, heightens into a  
"whirlwind" (comp. Psalm 83:13; Isaiah 17:13). The  
lightnings lightened the world.

The Voice from the Whirlwind Like four wheels  
spinning in the sand, the arguments of Job and his  
four friends have by now arrived effectively nowhere,  
creating only around them the empty space of a deep

The Voice from the Whirlwind – Job 38-41 Hugo P. Simão THEO 110 – Hebrew Scriptures The book of Job stands as one of the most poetic, intriguing and debated books in the Hebrew Scriptures. It tells the story of a man named Job, clearly reputed as being “blameless and upright, one who feared God and turned away from evil” (Job 1:1 NRSV).

Steward is a Beta— a clone. In his memories, he's an elite commando for an orbital policorp— but because his Alpha never did a brain-scan update, Steward's memories are fifteen years out of date . . . and in those fifteen years, everything has changed. An interstellar war destroyed the company that held his allegiance. His wife has divorced him, along with the second wife that he can't even remember. Most of his comrades died in a useless battle on a world called Sheol, and those who survived are irrevocably scarred. An alien race has arrived and become the center of a complex and deadly intrigue. And someone has murdered him. "Fast-moving, hard-driving, with a robust well-handled plot . . . a stirring and heartening performance." – Kirkus Reviews

“Walter Jon Williams proves that he is a master of action, character and galaxy-spanning plots.” — Fantasy Review “A combination of fast action, gritty realism, and high-tech polytechnics that is certain to be popular with Williams’ growing audience.” —Booklist. “(Williams) is a master of the intricate yet fast-paced plot— the essence of thrillers and novels of political intrigue.” —Locus

ÒThis book is concerned with why the world is not such an easy place in which to live. Human beings, as its apparently most sentient creatures, live daily in a morally ambiguous environment. Most of us experience contentment, happiness, and even profound joy. But these experiences are all too often interspersed or punctuated with unwarranted suffering, excruciating pain, and sometimes irrational violence. Although human life may at times seem like heaven on earth, it can also be more like scenes from a Kafka novel or a scarred canvas of Edvard Munch. This book is primarily concerned with the problem of reconciling these two kinds of experiences with belief in a God who is said to be all good, all knowing, and all powerful. ÒThroughout the book, I continually refer back to three criteria for what I think would count as a good answer to the problem. . . . First, any serious philosophical or theological response to the problem of evil must be true to the tradition from which the problem originates. The problem of evil is a peculiarly Judeo-Christian problem because of the attributes of God in that tradition. . . . Second, any answer to the problem of evil should be one that is logically consistent. . . . Third, a good answer to the problem of evil must take the individual sufferer seriously. --from

A woman's true account of eighteen years as a Soviet prisoner: "Not even Alexander Solzhenitsyn's *One Day in the Life of Ivan Denisovich* matches it."—The New York Times Book Review In the late 1930s, Eugenia Ginzburg was a wife and mother, a schoolteacher and writer, and a longtime loyal Communist Party member. But like millions of others during Stalin's reign of terror, she was arrested—on trumped-up charges of being a Trotskyist terrorist counter-revolutionary—and sentenced to prison. With sharp detail and an indefatigable spirit, Ginzburg recounts her arrest and the eighteen harrowing years she endured in Soviet prisons and labor camps, including two in solitary confinement. Her memoir is "a compelling personal narrative of survival" (The New York Times Book Review)—and one of the most important documents of Stalin's brutal regime. "Deeply significant...intensely personal and passionately felt."—Time "Probably the best account that has ever been published of...the prison and camp empire of the Stalin era."—Book World Translated by Paul Stevenson and Max Hayward

Alec Archer isn't just a superhero... he's a survivor. \* He's survived being harpooned by the megalomaniacal captain of a steampunk airship. \* He's escaped being drowned by a sex-crazed mermaid. \* He's narrowly avoided being reduced to a glowing pile of mush by a radioactive grandma. \* Even Kryptonite probably couldn't hurt him. (His inability to think before he opens his mouth, on the other hand, will probably get him killed.) By day, Alec is the owner of a successful male escort service, living an idyllic life with a husband he adores. By night, Alec is the only man strong enough, fast enough, and svelte enough to reluctantly squeeze into the skintight turquoise mantle of the superhero known as the Whirlwind. No matter how many supervillains choose Centerport to kick-off their crazy schemes of mass destruction and world domination, the Whirlwind will always be there to defeat them. And he will always look fabulous in tights!
