If you won't handle this... I will.

While Rick takes the group to the Kingdom, Negan takes the opportunity to start a war.

An accessible introduction to the world of The Walking Dead, this book looks across platforms and analytical frameworks to characterize the fictional world of The Walking Dead and how its audiences make use of it. From comics and television to social media, apps, and mobile games, utilizing concepts derived from literary studies, media studies, history, anthropology, and religious studies, Matthew Freeman examines the functions and affordances of new digital platforms. In doing so, he establishes a new transdisciplinary framework for analyzing imaginary worlds across multiple media platforms, bolstering the critical arena of world-building studies by providing a greater array of vocabulary, concepts, and approaches. The World of The Walking Dead is an engaging exploration of stories, their platforms, and their reception, ideal for students and scholars of world-building, film and TV studies, new media, and everything in-between.

From the beginning, both Robert Kirkman's comics and AMC's series of The Walking Dead have brought controversy in their presentations of race, gender and sexuality. Critics and fans have contended that

the show's identity politics have veered toward the decidedly conservative, offering up traditional understandings of masculinity, femininity, heterosexuality, racial hierarchy and white supremacy. This collection of new essays explores the complicated nature of relationships among the story's survivors. In the end, characters demonstrate often-surprising shifts that consistently comment on identity politics. Whether agreeing or disagreeing with critics, these essays offer a rich view of how gender, race, class and sexuality intersect in complex new ways in the TV series and comics.

The fourth season of Walking Dead picks up with the group settled into their new lives in the prison. Rick has given up leadership and the Woodbury survivors have joined the new peaceful community but as ever in the post apocalyptic world of the Walking Dead, threats old and new are on the horizon. Inside this book are 200 questions of varying difficulty so batten down the hatches and prepare to test your knowledge on the actions of the survivors of the zombie apocalypse in the latest chapter of this series of quiz books about one of the best shows on television.

Following the events of SOMETHING TO FEAR, Rick and the other survivors accept a new way of life under Negan's rule, but not everyone agrees. Collects THE WALKING DEAD #103-108

'SOMETHING TO FEAR' CONTINUES! This extra-sized chapter contains one of the darkest moments in Rick Grimes' life, and one of the most violent and brutal things to happen within the pages of this series. 100 issues later, this series remains just as relentless as the debut issue. Do not miss the monumental 100th issue of THE WALKING DEAD!

Who is Negan? Since his debut in THE WALKING DEAD #100, the charismatic psychopath has antagonized Rick Grimes, murdered his friend with a baseball bat wrapped in barb wire (which he calls "Lucille"), and led the Saviors into war against Alexandria and the neighboring communities. But who was he before society broke down? That question will be answered here, collecting the "HERE'S NEGAN!" story originally serialized in IMAGE+ magazine

William Etty was English painter, one of the few British artists to specialize almost exclusively in the nude. He spent most of his career in London. Etty's paintings are often of mythological or historical subjects, sometimes on an ambitious size, but he also made life studies throughout his career, and these are now probably his most admired works. He was often attacked for the alleged indecency of his work, The Times considering it 'entirely too luscious for the public eye'. However, by the time of his death he was wealthy and respected. He summed up his attitude to his favourite subject thus: 'Finding God's most glorious work to be Woman, that all human beauty had been concentrated in her, I dedicated myself to painting—not the Draper's or Milliner's work—but God's most glorious work, more finely than ever had been done.' His draughtsmanship is often criticized, but it is generally agreed that he attained a glowing voluptuousness in the painting of flesh that few British artists have ever approached.

All zombies are created equal. All zombie stories are not. From its humble beginnings as an indie comic book, The Walking Dead has become a pop culture juggernaut boasting New York Times-bestselling trade paperbacks, a hit television series, and enough fans to successfully take on any zombie uprising. Triumph of The Walking Dead explores the intriguing characters, stunning plot twists, and spectacular violence that make Robert Kirkman's epic the most famous work of the Zombie Renaissance. The Walking Dead novels' co-author Jay Bonansinga provides the inside story on translating the comics into prose; New York Times bestseller Jonathan Maberry takes on the notion of leadership (especially Rick Grimes') during the zombie apocalypse; Harvard professor Steven Schlozman dissects the disturbing role of science in the television series; and more. Triumph of The Walking Dead features a foreword by horror legend Joe R. Lansdale.
