Robert Bly had always been amazingly prescient in his choice of poets to translate. The poetry he chose supplied qualities that were lacking from the literary culture of this country. For the first time Robert Bly's brilliant translations, from several languages, have been brought together in one book. Here, in *The Winged Energy of Delight*, the poems of twenty-two poets, some renowned, others lesser known, are brought together. At a time when editors and readers knew only Eliot and Pound, Robert Bly introduced the earthy wildness of Pablo Neruda and Cesar Vallejo and the sober grief of Trakl, as well as the elegance of Jiménez and Tranströmer. He also published high-spirited versions of Kabir and Rumi, and Mirabai, which had considerable influence on the wide culture of the 1970s and 1980s. Bly's clear translations of Rilke attracted many new readers to the poet, and his versions of Machado have become models of silence and depth. He continues to bring fresh and amazing poets into English, most recently Rolf Jacobsen, Miguel Hernandez, Francis Ponge, and the nineteenth-century Indian poet Ghalib. As Kenneth Rexroth has said, Robert Bly "is one of the leaders of a poetic revival which has returned American literature to the world community."

A powerful collection of poems by the fifteenth-century female mystic traces the poetess's journey from her royal trappings to the countryside, where she became a saint and a martyr.

The reputation of Rainer Maria Rilke has grown steadily since his death in 1926; today he is widely considered to be the greatest poet of the twentieth century. This Modern Library edition presents Stephen Mitchell's acclaimed translations of Rilke, which have won praise for their re-creation of the poet's rich formal music and depth of thought. "If Rilke had written in English," Denis Donoghue wrote in *The New York Times Book Review*, "he would have written in this English." *Ahead of All Parting* is an abundant selection of Rilke's lifework. It contains representative poems from his early collections *The Book of Hours* and *The Book of Pictures*; many selections from the revolutionary *New Poems*, which drew inspiration from Rodin and Cezanne; the hitherto little-known "Requiem for a Friend"; and a generous selection of the late uncollected poems, which constitute some of his finest work. Included too are passages from Rilke's influential novel, *The Notebooks of Malte Laurids Brigge*, and nine of his brilliant uncollected prose pieces. Finally, the book presents the poet's two greatest masterpieces in their entirety: the *Duino Elegies* and *The Sonnets to Orpheus*. "Rilke's voice, with its extraordinary combination of formality, power, speed and lightness, can be heard in Mr. Mitchell's versions more clearly than in any others," said W.

S. Merwin. "His work is masterful."

"Chilean Pablo Neruda is Latin America's greatest poet and one of the finest ever to have written in the Spanish language. The Peruvian poet, Cesar Vallejo, part Indian and born in a mining village, ranks not far below Neruda. Robert Bly is one of America's foremost poets, and a translator of uncommon brilliance. The combination makes for a priceless volume." "Long Beach Press Telegram

The Swedish poet's works reflect the technological nature of his homeland, including poems in Swedish and English which tell of man's alienation, bleak landscapes, and confrontations which yield connections
