Barbara Lundblad contends that to preach is to engage a specific community of Christians in a process of gradual growth and change. While every parish has its unique attributes and needs, there are some basic dynamics at work in moving a congregation through resistance and toward transformation. Lundblad focuses our attention on these dynamics as she describes a program of preaching meant to re-fashion a people. The steps include building a foundation of grace, re-imaging Jesus, naming and honoring the wounds of community members, naming and removing obstacles to change, describing alternative futures, and daring hope. The author addresses each of these themes separately in chapters that include a brief introduction, two sample sermons, and a conclusion. This book for preachers provides a model for transformation preaching.

Where have all the prophets gone? And why do preachers seem to shy away from prophetic witness? Astute preacher Leonora Tisdale considers these vexing questions while providing guidance and encouragement to pastors who want to recommit themselves to the task of prophetic witness. With a keen sensitivity to pastoral contexts, Tisdale's work

is full of helpful suggestions and examples to help pastors structure and preach prophetic sermons, considered by many to be one of the most difficult tasks pastors are called to undertake.

Both experienced and novice preachers need a new approach for sermon development skill-building. A Sermon Workbook offers a unique and flexible resource that is instantly accessible and useful for anyone tasked with the proclamation of the Word. The workbook format can be used in a linear fashion, beginning to end. Or readers can pick and choose the chapters to tailor-fit their own needs. In either case, readers build skill upon skill, working through inventive and engaging exercises first developed and taught at Yale Divinity School. The book addresses the skills and arts that are essential for effective preaching in our multi-tasking, multi-ethnic, sound-bite society. It offers theological clarity about why we preach, and what matters most. The creative, collaborative, and charming authors present the principles as they do in their classroom: in two voices—one male and one female—with the two complementing and supporting one another.

It is a widespread idea that the roots of the Christian sermon can be found in the Jewish Derasha. But the story of the interrelation of the two homiletical traditions, Jewish and Christian, from New Testament

times to the present day is still untold. This book offers the papers of the first international conference (Bamberg, Germany, 6th to 8th March 2007) which brought together Jewish and Christian scholars to discuss Jewish and Christian homiletics in their historical development and relationship and to sketch out common homiletical projects.

In 1928, when Riverside Church (NYC) pastor Harry Emerson Fosdick asked the question in Harpers Magazine, "What's the Matter with Preaching Today?" he did not know that one response to that question had just entered the world in Humboldt, Tennessee. Fred B. Craddock revolutionized preaching theory and practice by flipping pulpit logic from deductive to inductive--often called the preaching-as-storytelling revolution--and in so doing brought renewed interest and impact to the practice of preaching, effectively rescuing it from an often tedious and moralizing fate. With Fred, preaching was anything but boring. Rather, it was an exciting and enlightening ride that led to the renewal of faith. To honor Craddock's legacy, Mike Graves and Andre Resner invited ten leading voices in homiletics to identify something that is right about preaching today. In addition, they issued a call to a wide variety of people to contribute stories about Fred's impact on their lives and ministries. Twenty-seven remembrances

of Fred are included here throughout the book. If you appreciate effective and engaging preaching--as either a preacher or listener--the essays and remembrances here will speak to you and provide encouragement about preaching's present and future. Filled with wit, insight, and inspiration, this anthology includes sermons for every Sunday and major celebration throughout the Christian year based on the First Readings from Cycle C of the Revised Common Lectionary. Three outstanding preachers from diverse denominational backgrounds interpret texts from the Old Testament and Acts in fresh ways that proclaim the good news for the twenty-first century. Their powerful messages remind us that the Hebrew scriptures are much more than just ancient history and explore what they mean for us today. Proclaiming timeless themes of justice and righteousness, as well as God's faithful covenant and enduring forgiveness, these imaginative homilies call us to lead better, more God-centered lives. This is an essential resource that's useful for: - Fresh homiletical approaches to the lectionary texts - Preaching illustrations - A clearer understanding of scripture passages - Adult study and

discussion groups - Personal devotions and Bible study on each Sunday's texts "The illustrations in these sermons, taken from both classical and common sources, as well as personal experiences, are worth the price of the book. I'll buy any book of sermons that gives me one or two good illustrations that are fresh and believable. Charles Reeb is a master at illustrating his points." John K. Bergland Former Professor of Preaching and Associate Dean Duke Divinity School Former editor, "Abingdon Preaching Annual"

The Latter Prophets--Isaiah, Jeremiah, Ezekiel, and the Book of the Twelve--comprise a fascinating collection of prophetic oracles, narratives, and vision reports from ancient Israel and Judah. Spanning centuries and showing evidence of compositional growth and editorial elaboration over time, these prophetic books offer an unparalleled view into the cultural norms, theological convictions, and political disputes of Israelite communities caught in the maelstrom of militarized conflicts with the empires of ancient Egypt, Babylonia, and Persia. Instructive for scholar and student alike, The Oxford Handbook of the Prophets features wide-ranging discussion of ancient Near Eastern social and cultic contexts; exploration of focused topics such as the persona of the prophet and the problem of violence in prophetic rhetoric; sophisticated historical and literary analysis of

key prophetic texts; issues in reception history, from these texts' earliest reinterpretations at Qumran to Christian appropriations in contemporary homiletics; feminist, materialist, and postcolonial readings engaging the insights of influential contemporary theorists; and more. The diversity of interpretive approaches, clarity of presentation, and breadth of expertise represented here will make this Handbook indispensable for research and teaching on the Latter Prophets.
