Perhaps no twentieth-century artist utilized puns and linguistic ambiguity with greater effect—and greater controversy—than Marcel Duchamp. Through a careful "unpacking" of his major works, Dalia Judovitz finds that Duchamp may well have the last laugh. She examines how he interpreted notions of mechanical reproduction in order to redefine the meaning and value of the art object, the ...

More reproductions, especially some in color, would have better illustrated Duchamp's art and made the longer texts more compelling in this new paperback edition. Although a bit linear in terms of approach, Unpacking Duchamp: Art in Transit is a high-minded read for the dialectically predisposed. Another text for Duchamp's canon.

Artwork page for "Dart Object", Marcel Duchamp, 1951, cast 1962 This phallic form was based on a broken piece of the mould from another sculpture. It originally helped to support the underside of the breast on a female nude in Duchamp's installation Etant donnés. By creating a male form from a rib-like structure in a female figure, Duchamp was inverting the Book of Genesis, in which Eve ...
