It explains that the importance of international law is a function of its effectiveness and its ability to respond to change. Both, at the present time and for the most part, are adequate, but perhaps only just. It adds that neither can be taken away for granted.

Importance of International Law - Oxford Scholarship

rather than public international law as such. 5 In some States, to the extent that it is considered at all, international law seems to play an indirect role. Thus, for Germany and for Japan, the key issues are the limits on the use of force set out in their constitutions, which may or may not correspond to

The use of force by states is controlled by both customary international law and by treaty law. The UN Charter reads in article 2: All members shall refrain in their international relations from the threat or use of force against the territorial integrity or political independence of any state, or in any other manner inconsistent with the purposes of the United Nations. This principle is now considered to be a part of customary international law, and has the effect of banning the use of armed fo
