fluid will: Help keep your vehicle shifting smoothly by reducing wear on transmission gears and parts. Minimizes the risk of transmission failure and expensive repairs. Provide additional protection by using advanced detergents that work to remove deposits.

## *Transmission Fluid Service - Valvoline®*

The fluid requirements for CVT transmissions are very different versus a typical stepped gear transmission. Each specific CVT fluid is formulated for a specific transmission; however, oil marketers have been able to demonstrate good performance with a single CVT oil across many different transmission designs.
