Vulnerability To

Psychopathology Risk

Across The Lifespan

Adolescents obviously do not always act in ways that serve their own best interests, even as defined by them. Sometimes their perception of their own

Download File PDF

Vulnerability To

risks, even of survival to adulthood, is larger than the reality; in other cases, they underestimate the risks of particular actions or behaviors. It is possible, indeed likely, that some adolescents engage in risky

Download File PDF

Vulnerability To

behaviors because of a

perception of

invulnerability-the current

conventional wisdom of

adults' views of adolescent

behavior. Others, however,

take risks because they feel

vulnerable to a point

Download File PDF

Vulnerability To

Approaching hopelessness. In either case, these perceptions can prompt adolescents to make poor decisions that can put them at risk and leave them vulnerable to physical or psychological harm that may

Download File PDF

Vulnerability To

Psychopathology Risk  
Across The Lifespan

have a negative impact on their long-term health and viability. A small planning group was formed to develop a workshop on reconceptualizing adolescent risk and vulnerability. With funding from Carnegie
