Well, with the release of
the 8th edition army book,

Download Free Warhammer Daemons Of Chaos 8th

those days are effectively over. Daemons are one of the trickiest armies to play now simply due to the amount of randomness thrown into the new book. The first big change comes from the Reign of Chaos table which is consulted when you roll for winds of magic.

Creative Assembly has said that, by the end of the Total War: Warhammer trilogy of videogames, they aim to make playable every race that had an army book in the 8th Edition of Warhammer Fantasy Battle. This would include the Daemons of Chaos who had an army book in 8th Edition.

Daemon, or simply Daemon (pronounced DEE-mahn), also known as a " Neverborn " amongst the forces of Chaos, is an intelligent and usually malevolent entity of the Warp comprised of purely psychic energy. Daemons are sentient embodiments of Chaos and collectively the greatest servants of the Chaos Gods and of Chaos itself as a universal force.

~~Chaos Daemon | Warhammer 40k
Wiki | Fandom~~

Daemons of Chaos were one combined army in Warhammer Fantasy Battles. The focus on mono-god forces only became a thing in 8th Edition 40k, and Age of

~~Books~~

Since the release of their codex in early 8th edition, Chaos Daemons have seen a number of updates, owing in part to their unique status as the only crossover army between Warhammer 40,000 and Age of Sigmar. As releases like Wrath and Rapture have added new models to the range, we've seen new units and updated datasheets for the faction, but haven't had much in the way of updated Stratagems or rules.

Chaos Daemons, particularly on the Khorne and Slaanesh sides of the tetrad, can really put out some hurt in melee that, combined with some of their tricks for getting into melee and their psychic powers, can make up for their lack of shooting. Daemon Princes are also some of the game's fiercest melee combatants.
