of military history and the history of technology—and challenging past assumptions about Europe's "gunpowder revolution"—Hall discovers a complex and fascinating story.

~~Weapons and Warfare in Renaissance Europe | Johns Hopkins ...~~

The renaissance was a historic age for the advancement of the technologies of weapons and warfare. Weapons were advancing rapidly and continuously. This increase in technology also led to the advancement of defense mechanisms, which were crucial to fighting off the opposing army. These advancements in technology led to increased warfare among cities.

spearman. Those ridden by generals (identified by being shown enlarged) are accompanied by one or more parasol carriers on foot.

~~Weapons and Warfare | History and Hardware of Warfare~~

Crossbows were eventually replaced in warfare by more powerful gunpowder weapons, although early guns had slower rates of fire and much worse accuracy than contemporary crossbows. Later, similar competing tactics would feature harquebusiers or musketeers in formation with pikemen, pitted against cavalry firing pistols or carbines.
