This book covers many aspects of atherogenesis, with particular emphasis on lipid and lipoprotein metabolism. It includes all aspects of the regulation of cholesterol homeostasis and the importance of each pathway. Also explored are the roles of nuclear hormone receptors on lipid and lipoprotein metabolism and their complex roles in atherogenesis. The book further discusses how genetic studies can help understand the complexities that mediate these aspects of atherogenesis.

Plato's Republic is one of the best-known and most widely-discussed texts in the history of philosophy. But how might we get to the heart of this work today, 2,500 years after its original composition? Alain Badiou breathes life into Plato's landmark text and revives its universality. Rather than producing yet another critical commentary, he has instead worked closely on the original Greek and, through spectacular changes, adapted it to our times. In this innovative reimagining of Plato's work, Badiou has removed all references specific to ancient Greek society—from lengthy exchanges about moral courage in archaic poetry to political considerations mainly of interest to the aristocratic elite—and has expanded the range of cultural references. Here, philosophy is firing on all cylinders: Socrates and his companions are joined by Beckett, Pessoa, Freud, and Hegel, among others. Together these thinkers demonstrate that true philosophy endures, ready to absorb new horizons without changing its essence. Moreover, Badiou—who is also a dramatist—has transformed the Socratic dialogue into a genuine oratorical contest. In his version of the Republic, the interlocutors do much more than simply agree with Socrates. They argue, stand up to him, put him on the spot, and show thought in motion. In this work of dramatic scholarship and philosophy, we encounter a modern version of Plato's text that is alive, stimulating, and directly relevant to our own world.

From the author of Fashionopolis: The Price of Fast Fashion and the Future of Clothes - Once luxury was available only to the rarefied and aristocratic world of old money and royalty. It offered a history of tradition, superior quality, and a pampered buying experience. Today, however, luxury is simply a product packaged and sold by multibillion-dollar global corporations focused on growth, visibility, brand awareness, advertising, and, above all, profits. Award-winning journalist Dana Thomas digs deep into the dark side of the luxury industry to uncover all the secrets that Prada, Gucci, and Burberry don't want us to know. Deluxe is an uncompromising look behind the glossy fa çade that will enthrall anyone interested in fashion, finance, or culture.

""Wow! It might be Non-salamuns may not enjoy as much as I did, but for our tribe--- I went through different stages: shock, amazement, I was pale, laughter - a lot -, awe, guilt, aghast!, even my mind wanted to take off for a moment, but mostly gratitude. I was moved. I am moved."" - Tomaz SalamuIn the first episode of Monty Python's Flying Circus, near the end of the sketch, "The Funniest Joke in the World" (which chronicles the exploits of "the killer joke"), Eric Idle soberly announces, "In 1945, Peace broke out. It was the end of the Joke. Joke warfare was banned at a special session of the Geneva Convention." John Bradley similarly investigates the inside-out of things in his explosive new book, War on Words, in which the "war" he wages on conventional language, on our bought and staid habits of mind, is a discursive demolition that interrogates the contamination of the very root systems of our words and concepts of "ownership," "voice," and "intellectual property." Profoundly Surreal, but never merely clever, Bradley's work glimmers with the ebullience of the 1920's Libertine, sounding him as a clear inheritor of La Revolution Surrealiste, and his poems are as remarkable, meaningful, and necessary as anything being written today. War on Words is an extraordinary book, seriously playful in the ways anthropologist Clifford Geertz might describe the significance of "deep play" among the indigenous cultures of Bali. I have read Bradley's work faithfully for more than 25 years, and it is no exaggeration to say he is one of the two or three most important poets among us. But for those of you who distrust enthusiasm, earned and tempered in this case as it most certainly is, let me simply say, "This is a good book. I like it a lot."-George Kalamaras,John Bradley is one of the hidden Greats. And this utterly riveting Poetic Detective story is the greatest collaboration in American poetry since Jack Spicer's After Lorca. It will also prove to be, I have no doubt, Tomaz Salamu'n's most famous book. - Kent Johnson"

NOTE: You are purchasing a standalone product. MyPsychLab does not come packaged with this content. If you would like to purchase both the physical text and MyPsychLab, search for ISBN-10: 013413074X / ISBN-13: 9780134130743 That package includes ISBN-10: 0133792420 / ISBN-13: 9780133792423 and ISBN-10: 0205206514 / ISBN-13: 9780205206513. MyPsychLab should only be purchased when required by an instructor. For courses in Lifespan Development which take a chronological approach Help students understand how culture impacts development - and why it matters Human Development: A Cultural Approach, Second Edition leads students to examine all stages of development through the engaging lens of culture. The first author to take a wholly cultural approach to human development, Jeffrey Arnett integrates cross-cultural examples throughout the narrative to reveal the impact of cultural factors both in the US and around the world. Arnett's emphasis on culture fosters a thorough, balanced view of development that prepares students to face challenges in our diverse and globalized world - whether they travel the globe or remain in their hometowns. Also available with MyPsychLab® This title is also available with MyPsychLab - an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. Students, if interested in purchasing this title with MyPsychLab, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. Human Development: A Cultural Approach, Second Edition is also available via REVEL(tm), an immersive learning experience designed for the way today's students read, think, and learn. Fully interactive Cultural Focus and Research Focus features bring the study of development to life, and Applying Your Knowledge videos help students apply chapter content to their own lives and future careers.

Tracing developments in toy making and marketing across the evolving landscape of the 20th century, this encyclopedia is a comprehensive reference guide to America's most popular playthings and the culture to which they belong. • Nearly 200 alphabetically arranged entries document the historical and cultural significance of toys • Cross-references and a listing of additional resources accompany each entry and encourage further investigation • Photographs and illustrations gathered from public and private collections across the country depict the entire century of America at play • A guide to related topics identifies the entries according to broader categories such as toys, designers, companies, museums, events, and organizations • A resource guide provides information for contacting American toy companies, accessing national toy museums, and attending annual toy festivals, and offers many avenues for pursuing further information about toys and American culture including books, scholarly journals, audio recordings, films, and websites

Plato's Republic is arguably the most famous and influential work of philosophy ever written. It is certainly among the most widely read and studied, a staple of undergraduate courses that continues to inspire and inform contemporary debates in political philosophy. As such, it is a hugely important and exciting, yet challenging, piece of philosophical writing. In Plato's 'Republic': A Reader's Guide, Luke Purshouse offers a clear and thorough account of this key philosophical work. The book sets Plato's work in context, introduces the major themes and provides a detailed discussion of the key sections and passages of the text. Purshouse goes on explore some of the areas of thought that the Republic has impacted upon and provides useful information on further reading. This is the ideal companion to study of this most influential and challenging of texts.

The legendary Bigpaw turns the Bear Family 's Turkey Day upside down! Papa Bear can 't wait for the 3rd Thursday in November, when he can feast on turkey with all the trimmings and his favorite treat of all: mixed nuts. But a message in the harvest honeycomb strikes terror in the heart of Mama Bear. Bigpaw, the legendary Thanksgiving monster, is coming to Bear Country to make sure the bears are remembering to share nature 's great bounty with others. Papa pooh-poohs the legend because, after all, he knows best—no ifs, ands, or buts! Accompanied by Brother and Sister Bear, he travels to the mixed-nut forest to gather his special holiday treat. The animals are quaking in their boots—Bigpaw is already here! Are the cubs in danger? In this delightful, illustrated poem, the Berenstain Bears discover the true gift of sharing.

The future is bleak in the year 2102. The planet is in chaos and the weather patterns have completely shifted, turning most of the world into an uninhabited wasteland. The rich and powerful of North America have pulled back into the six remaining megacities, erasing all trace of a central government and leaving millions displaced by the environmental crisis to fend for themselves in the dying world. Sixteen-year-old Maya has a gift, a power she thinks can heal the earth and make it habitable again. A gift that she must learn to harness. The school for the gifted in Neo York is the only place where she can learn to control her power and reach her potential. Yet the school is not what it seems. Ran by the ruthless head of the city of Neo York, the school's only objective is to extract the powers of the gifted and then discard them. Only Ty, heir to the city, can keep Maya from being destroyed there. But Ty has a secret, and his loyalty to his family has never wavered. Will his growing love for Maya be strong enough to save them both?

This giggle-inducing Silly Sticker Stories(TM) spin-off combines Hidden Pictures(R) puzzles and hilarious fill-in-the- blank stories in a portable puzzle pad, perfect for road trips and summer vacations.
