The second concept or theme that I think really has traction with both Asian and Asian-American communities would be the concept of wisdom. Of course, there is a rich tradition of wisdom literature in the Bible that includes the book of Proverbs, includes the book of Ecclesiastes, and includes the book of Job. We both have what you might call a kind of more proverbial kind of wisdom as is given in the Book of Proverbs little short, pithy scenes that tell you how the world works/or you ...

The first reference resource on how Asian Americans are currently reading and interpreting the Bible, this volume also serves a valuable role in both developing and disseminating what can be termed as Asian American biblical hermeneutics. The volume works from the important background that Asian Americans are the fastest growing ethnic/racial minority population in the USA, and that 42% of this group identifies as Christian. This provides a useful starting point from which to examine what may be distinctive about Asian American approaches to the Bible. Part 1 of the Handbook describes six major ethnic groups that make up 85% of Asian population (by country of origin: China, Philippines, Indian Subcontinent, Vietnam, Korea, Japan) and outlines the specific concerns each group has when its members read the Bible. Part 2 of the Handbook examines major critical methods in biblical interpretation and suggests adjustments that may be helpful for Asian Americans to make when they are interpreting the Bible. Finally, Part 3 provides 25 interpretations by Asian American biblical scholars on specific texts in the Bible, using what they consider to be Asian American hermeneutics. Taken together the Handbook interprets the Bible both with and for the Asian American communities.

Asian Americans are the fastest growing racial/ethnic population in the United States. Especially since the 1990s, readings by Asian American biblical scholars have been increasing to meet the particular theological and pastoral concerns of their Christian racial/ethnic seminarians, clergy, and churches. Gale A. Yee is one of their major interpreters, becoming the first Asian American and first woman of color president of the oldest professional guild devoted to the critical study of the Bible, the Society of Biblical Literature. This book is an anthology of her major, ground-breaking essays on Asian American theorizing and analysis of the biblical text. It is a retrospective of her growth of over almost three decades in wrestling with questions like "What is Asian American biblical hermeneutics and how does one undertake it?"

The Asian American church is in transition. Congregations face the challenges of preserving ethnic culture and heritage while contextualizing their ministry to younger generations and the unchurched. Many Asian American church leaders struggle with issues like leadership development, community dynamics and intergenerational conflict. But often Asian American churches lack the resources and support they need to fulfill their callings. Peter Cha, Steve Kang and Helen Lee and a team of veteran Asian American pastors and church leaders offer eight key values for healthy Asian American churches. Drawing on years of expertise and filled with practical examples from landmark churches like Evergreen Baptist Church of Los Angeles, NewSong Church and Lighthouse Christian Church, the book provides soundly biblical perspectives for effective ministry that honors the Asian American cultural context. Insights from such pioneering leaders as Ken Fong, David Gibbons, Grace May, Wayne Ogimachi, Steve Wong, Nancy Sugikawa and Soong-Chan Rah make this an essential guide for Asian American church leaders wanting to help their congregations achieve health and growth. Produced in partnership with the Catalyst Leadership Center, a resource organization for Asian American church ministry.

Asian American women are caught between worlds. Many grow up sensing that daughters are not as valuable as sons. But God has good news for us. In his eyes, we are his beloved daughters, created for greater purposes than the roles imposed upon us. In this one-of-a-kind book, editors Nikki Toyama and Tracey Gee and a team of Asian American women share how God has redeemed their stories and helped them move beyond cultural and gender constraints. With the help of biblical role models and modern-day mentors, these women have discovered how God works through their ethnic identity, freeing them to use their gifts and empowering them to serve and lead. God has so much more in store for you than cultural norms, gender roles and old stereotypes of geisha girls or dutiful daughters. Experience the joy and freedom of becoming the Asian American Christian woman God intended you to be.
