"When I Grow Up" was the first song that Tim Minchin wrote for Matilda, attempting to find a tone for the entire musical, drawing inspiration from his own child. He also drew inspiration from a childhood memory in which the adults on his grandfather's farm would fiddle with the padlock to a gate, whereas Minchin went out of his way to hurdle the gate, promising to himself to never open the farm gate.

Logicomix fans, a New Yorker cartoonist's page-turning graphic biography of the fascinating Hannah Arendt, the most prominent philosopher of the twentieth century. One of the greatest philosophers of the twentieth century and a hero of political thought, the largely unsung and often misunderstood Hannah Arendt is best known for her landmark 1951 book on openness in political life, *The Origins of Totalitarianism*, which, with its powerful and timely lessons for today, has become newly relevant. She led an extraordinary life. This was a woman who endured Nazi

persecution firsthand, survived harrowing "escapes" from country to country in Europe, and befriended such luminaries as Walter Benjamin and Mary McCarthy, in a world inhabited by everyone from Marc Chagall and Marlene Dietrich to Albert Einstein and Sigmund Freud. A woman who finally had to give up her unique genius for philosophy, and her love of a very compromised man - the philosopher and Nazi-sympathizer Martin Heidegger - for what she called "love of the world." Compassionate and enlightening, playful and page-turning, New Yorker cartoonist Ken Krimstein's *The Three Escapes of Hannah Arendt* is a strikingly illustrated portrait of a complex, controversial, deeply flawed, and irrefutably courageous woman whose intelligence and "virulent truth telling" led her to breathtaking insights into the human condition, and whose experience continues to shine a light on how to live as an individual and a public citizen in troubled times.
