"Human beings like stuff. We like to make, steal, hoard, and especially use things. How these goods come to be, how they are designed, manufactured, distributed, and especially used to make meaning is the central concern of industrial society. "Where Stuff Comes From is a superb introduction to exactly how this process works...or doesn't.

Molotch takes us on a fascinating exploration into the worlds of technology, design, corporate and popular culture. We now see how corporations, designers, retailers, advertisers, and other middle-men influence what a thing can be and how it is made. We see the way goods link into ordinary life as well as vast systems of consumption, economic and political operation. The book is a meditation ...
