Whiteboard Marker Ink - All Colours Safety Data Sheet

The whiteboard markers have the ink that does all the work. Although, the markers are all same. But the choice of ink can make a marker dry erase, wet erase, or permanent marker. Most of the whiteboard markers are dry erase markers. These markers use alcohol-based ink. This ink dries out quickly and it is easy to erase.

Whiteboard Markers for sale | eBay

Most nonpermanent markers use inks that are made of colored pigments and water. On a coffee filter, the water in the ink carries the pigment onto the paper. When the ink dries, the pigment remains on the paper. When you dip the paper in water, the dried pigments dissolve. As the water travels up the paper, it carries the pigments along with it.
